Chapter V

Para 51

The Conservator, when he was on tour in this District, suggested the idea of the District Forest Officer being made a Local Fund Board member with a view to advise and help the Board in the proper Conservancy of village groves and avenues the preservation of which is of paramount importance in this dry District. The then Deputy Commissioner Mr. M. Narayana Row was convinced of the Conservator's views in this respect, and the present Deputy Commissioner Mr. A. Ramanuja Iyengar is also in favour of this scheme. He has taken up the formation of nurseries in every Traveller's Bungalow and

Musaparkhania containing wells with a view to raise seedlings of different kinds of useful trees both for planting up in groves and avenues as well as free distribution to ryots.
